Library Recommendation Form

Please forward this to your librarian

TO: Librarian or Library Acquisition Committee

FROM: _____

POSITION: _____ DEPARTMENT: _____

I recommend that the library purchase a subscription to:

“Journal of Diabetes Science and Technology (DST)”

Please include this journal in your next serials review meeting together with my recommendation to subscribe.

I recommend this Journal because:

- REFERENCE: I will use it frequently as a reference when writing new research articles.
- STUDENT REFERENCE: I plan to have my students use it regularly as a study aid.
- BENEFIT TO LIBRARY'S COLLECTION: It contains useful and notable information contributed by the top scientists in the industry. Faculty and students will benefit greatly from having access to such top-notch material.
- OWN AFFILIATION: I am a member of its Editorial Board and give it my full support. I will regularly recommend its articles to colleagues and students, and use it for my own work.

I look forward to seeing this journal in your library soon. Thank you very much.
